# SoftGels

THE **IDEAL**  
PHARMACEUTICAL  
FORM

Soft capsules are a **single-unit solid dosage form**, consisting of a liquid or semisolid fill enveloped by one-piece hermetically sealed elastic outer shell.

Softgels are an effective delivery system for oral drug products, especially those with low solubility and/or permeability.

## Some of our softgel derivations include:

- Twist-off Capsules
- Enteric Coated Softgels
- Enteric Clear Softgels

EXCELLENCE IN FIXED COMBINATIONS™  
**unigel**

More  
in One

Unigel is the **only technique available for fixed dose combinations** which incorporates the benefits of the softgel capsule dosage form and takes it to the **NEXT LEVEL**.

Combining hard capsules, tablets or pellets withing a single larger soft gelatin capsule is now possible!

With **UNIGEL™** you can **combine powerful ingredients** in liquid and solid phase, all-in-one single dosage form
